

“Legacy Oak” - Order Form

The Legacy Oaks Program was introduced in 2022 to replace trees previously lost on the campus of Louisiana State University at Alexandria.

Trees planted through this campaign will help restore the natural beauty of our campus. Gifts of any amount may be made to support the general care and maintenance of LSUA's Oaks Programs. Specific trees can be marked by a customized, permanent plaque installed near the base of the tree. A gift may be named for a donor or in memory or in honor of the individual of their choosing. The LSUA Facilities Department will provide general care and maintenance of the LSUA Foundation Legacy Oaks. For more information about the locations of available trees, please contact the LSUA Foundation Office at (318) 619-2917.

LSUA Legacy Oak- \$7,500 each (\$5,250 to plant and mark the tree, \$2,250 to the General Institutional Betterment account).
